CFA des 3 villes – in few words

Our vocational school was created in 1974, 1st September

Organisation of the vocational school CFA

α The CFA is managed by an association :
APAM – Association of Apprenticeship in
Mayenne which regroups the three main
towns of our department: Laval, Mayenne,
Château-Gontier.

- The association brings a global vision to economic needs of our Department.
- It demands our school to give answers to the difficulties of young people.
- It permits a system of apprenticeship by alternance in the three towns.
- It gives the possibility to our school administration to react easily.

α The chairman of the association, Mayor of either Laval or Mayenne or Château-Gontier, changes every two years.

α So, each town has got its own vocational school sites.

- Laval, the capital of Mayenne, has got two:
 - ✓ one section “retailing, catering and hospitality, pharmacy, pastry cook, industry and computer science”
 - ✓ and the other : “Building/Construction”
- Mayenne : “Retailing, car-painting, printing”
- Château-Gontier : “Retailing ; metal-, aluminium-, and plastic working ”

EUROPEAN PROGRAMME

We started our European programme in 1988 with the training center of Augsburg in Germany in the catering/hospitality section.

Ever since, we kept on developing that programme and now we have exchanges with 4 training schools in 3 different countries :

- Germany :
 - Augsburg with catering/hospitality and pastry cook sections
www.bs2-augsburg.de **Our contact** : Georg PLATZER
 - Niebüll in building/construction
www.bs-niebuell.de **Our contact** : Claus HOLZMEIER
- Scotland :
Kirkaldy with catering/hospitality and pastry cook sections
www.adamsmithcollege.ac.uk **Our contact** : Norman BENDEX
- Latvia
Saldus with catering/hospitality, pastry cook and building/ construction sections
www.saldus.lv/profesionalavidusskola **Our contact** : Aivars OZOLS

We organize different exchange programmes:

- short work experience (1 week)
- Leonardo programme (2 weeks)
- Long work experience (3 months to 1 year)

In order to strenghten this large European programme and our relationship with our European partners, our vocational school started a performant European vocational class, 8 years ago.

This class is composed of European young trainees who passed their exam in their own country and would like to obtain a complementary training and exam in France.
